1) Use the clues to work out who each receipt belongs to.

- Rory doesn't order anything with bread. His drink is freshly squeezed and he orders an item served in a tub.
- Marian isn't a vegetarian. She has a fizzy drink and orders a fruity item.
- Caitlin orders an item with pepperoni on it, a transparent drink and a chocolate item.
- Dominic orders an item including lettuce, an item in a pot and a fizzy drink.
