

Word Rainbows

I hope you have been enjoying your daily exercise, my children and I have been out for a walk every day. We've enjoyed spotting all the different coloured rainbows to support our key workers in the windows around where we live.

Why not try having a go at making a word rainbow? You can make this in French or any other language that you speak. Why not use Linguascope to learn the colours in another language and then do your rainbow?

Here is my 'Arc-en-ciel' in French, I hope you can show your support to key workers in your area in as many languages as possible!

Merci, Madame Roche
