Task: Independent Writing

In your books, write a conversation between these two characters from 'The Piano' film clip using direct speech, description (including feelings), with adverbs and adverbial phrases for where, how and when. Also, use varied sentence openers, synonyms for *said* and your very neatest, joined handwriting. Remember to take pride in all your work!

Use the space below (and if needed the reverse of this sheet) to make some notes that will help you.

Extension: Can you include a relative clause?
