Follow the guide on diary writing. Take note of the different features.

Imagine you are The Windmill Farmer and write two diary entries. Choose from two of the following point in the story.

1. The end of the day after his windmills have grown.
2. After the storm when everything is destroyed.
3. When the farmer emerges after the winter and looks around.

Make sure include the different features outlined in the guide.

Try to include the passive voice (which we looked at yesterday) in your work.
