

# Les fruits

Press the speaker on  
each page!

Bonjour la classe!  
Comment ça va?

This week we're going to look at  
designing some smoothies and give  
our opinion. But first let's revise all our  
fruit vocabulary

**une pomme**

# une poire

A J Mounter,

# une fraise

une orange

une banane

# une pêche

# un citron

A J Mounter,

# des cerises

*These fruit have 'des' in front of them because its means 'some' as there are more than one. If you wanted to say a cherry = une cerise*

# des raisins

*BEWARE! In French un raisin = a grape, not raisins! For raisins we say des raisins secs = dried grapes*

# des framboises

*These fruit have 'des' in front of them because its means 'some' as there are more than one. If you wanted to say a raspberry = une framboise*

# un ananas

A J Mounter,

**un ananas**

**une pêche**

**une poire**

**un citron**

**des raisins**

**des cerises**

**une orange**

**une fraise**

**une pomme**

**une banane**

**des framboises**

## Recap

J'aime = I like ....

Je n'aime pas ... = I don't like ....

J'aime les bananes

Je n'aime pas les oranges

*Remember we put 'les' and an 's' on the end of the fruit when saying what we like and don't like ( apart from ananas as it already ends in an 's')*

I have designed some smoothie flavours and described which fruits I like that are in them and which fruits I don't like .

*Can you say using J'aime / je n'aime pas if you like my smoothies or not?*

# Le menu des smoothies

## Rouge surprise

J'aime les  
pêches, les  
fraises, les  
pommes

## Vert – deluxe

J'aime les  
pommes, les  
poires, les  
oranges

## Fraise – Fraise

J'aime les  
fraises, je  
n'aime pas les  
cerises

Can you design some smoothie flavours, include your opinion on the fruit used.
